What Makes Mauna Lani Special

THE SPIRIT (*mana*): Hawaiian royalty came to Mauna Lani to fish in the ancient ponds, and would vacation on the grounds surrounding the hotel. We are the stewards of this land and wish to share the spirit of this special place with our guests for years to come.

THE PEOPLE: Our staff has shared the *aloha* with our guests for the past 35+ years. We are creating the new Hale I'Ike center with Danny Akaka leading the team of cultural ambassadors to offer daily tours and educational programs for our guests.

THE LAND AND SEA: We wish to enrich each guests' stay and will include land and sea adventures throughout the resort for exploration.
